New Presentation: How It works.

In this new presentation of our catalog, the products are not classified by category but by fabric line. That way the reader doesn't have to download the colors and prints catalog. All the information about the fabric and colors comes in the same catalog than products

Stretch Cotton Poplin Line

The items of this line are made with a Colombian produced Cotton Poplin which is 125 gr/m2 (not so thin, not so thick) what gives to the garment a higher value and looks great in shirts, shirt-dresses but also in coats. Its 4% spandex is just what it needs to guaranty a better fit and higher freedom in movements.

REF	PRODUCT	COLOR / PRINT
P013	PLEATED POPLIN PANTS	NAVY

In the Order Form you must specify the color or print in the proper column.

Cotton Stretch Drill Line

This line is produced with a medium weight (210 gr/m²) blended cotton drill (71% cotton 26% polyester 3% spandex). The blending of cotton with a little of polyester doesn't affect the aspect neither the comfort but certainly gives a higher resistance, stretch recovery and longevity to the garment.

Stretch Bengaline Line

This line is produced with a bengaline imported by two trustable Colombian companies. Its blended composition (75% rayon, 22% nylon, 3% spandex) and a very specific ligament give the garment a 40% horizontal extensibility. Perfect for skinnies, cropped skinnies or any other bottom that require high stretch. Very long lasting, never peels.
